Follow-up — Label V.2.1, Traceability, Packaging Test, Updated Quotation

T.M.Y Agro Trade / Smile Seed Bank × Green Future

Dear Tommy and Smile Seed Bank Team,

Thank you for your detailed confirmation and the proposed next steps.

We have reviewed all points and would like to provide the following updates and confirmations:

1. Label V.2.1 and Physical Print Test

We confirm that **Label V.2.1 is acceptable to us.**

For the final layout, we used the **Noto Sans Thai Condensed** font because it provides good readability for both Thai and English text and allows us to use a larger font size within the limited **55 × 55 mm** label dimensions.

The key identification fields — **Variety, Lot No., Germination, and Purity** — have been visually emphasized, while the storage conditions section has been separated by a line for better readability.

We also conducted a physical print test of the label at the actual size of **55 × 55 mm**. The text, layout, and key information are clearly readable. The preliminary test result is satisfactory.

Please note that the attached label file is a **sample/template**. The fields highlighted in **red** indicate information that may vary depending on the specific variety, lot, or test results.

Variable fields:

- **Variety**
- **Lot No.**

- Test Date
- Expiry Date

The rest of the structure and the fixed information in the current layout have been approved.

Therefore, from Green Future's side, the current label layout and size are approved, and we are ready to proceed to the next stage.

2. Traceability — Approved with One Text Revision

We kindly request only **one change to the wording**.

Please replace:

"Seeds are producer-packed and sealed (SGF SEEDS) — Smile Seed Bank does not open, repack, or relabel without prior written consent."

with:

"Seeds are packed and sealed by SGF SEEDS, a licensed collector of controlled seeds for trade. Smile Seed Bank does not open, repack, or relabel them without prior written consent."

Except for this wording change, **all other parts of the Traceability system are approved by Green Future.**

As previously agreed, the Traceability page must remain in **Preview** status until the first batch is actually imported and Green Future provides separate written authorization to change the status from **Preview** → **Live**.

3. Updated Quotation — Option 1

We have updated the Quotation in accordance with Smile Seed Bank's requirements for **Option 1**.

The updated Quotation now reflects the agreed configuration:

- **5 varieties × 200 seeds = 1,000 seeds**
- **4 packs × 50 seeds per variety / 20 sealed units in total**
- Price stated in THB
- Official laboratory COA **not included**
- Seeds will be supplied first
- If an official COA is required later, it will be arranged separately upon request, subject to a separate quotation and mutual agreement between the parties
- Retail packaging for the 20 pilot-order units will be provided free of charge as a one-time exception
- 50% advance payment after PO confirmation, with the remaining 50% payable before shipment

These terms now comply with Smile Seed Bank's requirements for Option 1.

The Quotation date currently remains **26/08/2026**.

Please review the updated Quotation once again and let us know whether everything is now correct from your side.

4. Requested Photographs

We agree with the requested list of photographs and confirm that the relevant photographs **have already been provided to you previously** with the **Green Future watermark**.

The photographs provided correspond to the agreed categories requested by Smile Seed Bank.

As previously agreed, each photograph may only be used for the approved purpose and with Green Future's prior written permission for such use.

5. GACP Consultation

As the preliminary physical test of the **55 × 55 mm** label and packaging format was successful, Smile Seed Bank may proceed with the proposed consultation with the relevant government authority.

Once the consultation has been completed, please provide Green Future with the written response or confirmation received from the relevant authority.

Sincerely,

Yevhen Karasov

Director
