ISTA Analysis – Confirmed Varieties & Additional Testing Options

Dear Tommy,

Regarding the five varieties previously requested by your team, as a gesture toward our prospective cooperation, Green Future (Global) will cover the cost of submitting **four of these varieties for ISTA analysis**:

1. **AF99 (BUBBA KUSH AUTO)**
2. **AF143 (DO-SI-DOS AUTO)**
3. **AF02 (NORTHERN LIGHTS AUTO)**
4. **AF22 (PINEAPPLE EXPRESS AUTO)**

These four varieties will be submitted for analysis at our expense as part of our commitment to developing our cooperation with Smile Seed Bank.

If four varieties are not sufficient for the assortment you would like to offer to your B2B clients, we can also prepare and submit **additional varieties for ISTA analysis upon request**. For any additional varieties, the analysis cost would be covered by your side in accordance with the rates stated in our quotation.

We would also kindly ask that when referring to or including our varieties in your commercial offers, **please use the variety code as the primary reference**, with the variety name shown in parentheses, for example:

AF99 (BUBBA KUSH AUTO)

Our internal inventory, production, and variety records are maintained according to these variety codes rather than the commercial names. Using the codes will therefore help ensure accurate identification and avoid any confusion.

Please let us know if these four varieties are sufficient for your initial assortment, or if you would like us to prepare any additional varieties for ISTA analysis.

Kind regards,

Sincerely, _____

[Mr.Yevhen Karasov]

[Director]

Green Future (Global) Co., Ltd.
